

UNIVERSAL DRIVING SCHOOL KIT

PETRI+LEHR
EST. 1902

Multima®2 with adapted MFD1

MFD TOUCH to attach

Dual pedal controls

UNIVERSAL DRIVING SCHOOL KIT*

Petri+Lehr also supplies driving schools with the necessary modification systems for pupils with physical limitations. The Petri+Lehr products have been specifically extended for additional training and necessary tests so that rapid removal and re-positioning are guaranteed.

UNIVERSAL DRIVING SCHOOL KIT 1

- Hand control Multima2 with mounting function for the MFD (multi-function steering knob)
- Removable pedal guard
- Standard steering wheel turning knob
- Selected multi-function steering knobs with plug-in spindle
- Can be re-positioned in seconds
- Free advice/demonstration on-site

OPTIONAL FOR KIT1

- Hand control Multima3 with MFD (multi-function steering knob) operating unit
- MFD1, MFD TOUCH with plug-in spindle
- 2 steering wheel clamps
- Standard steering wheel turning knob with plug-in spindle (optionally also with tetra fork, two-prong and three-prong) for quick re-positioning

The Petri+Lehr plug-in spindles can mount all Petri+Lehr steering aids.

UNIVERSAL DRIVING SCHOOL KIT 2*

You can adjust your vehicle to the needs of the learner-drivers simply by re-positioning the standard turning knob and the multi-function steering knob (MFD1 / 2 or Touch - remote control for the most important functions such as turn signals, wipers, lights, horn, etc.).

UNIVERSAL DRIVING SCHOOL KIT 2

- Hand control Multima2 with mounting function for the MFD (multi-function steering knob)
- Removable pedal guard
- Standard steering wheel turning knob
- Selected multi-function steering knobs with plug-in spindle
- Can be re-positioned in seconds
- Tool-free removal of the Multima2 and Multima3 in a matter of seconds (for certain vehicle models only)
- Free advice/demonstration on-site

OPTIONAL FOR KIT 2

- Hand control Multima3 with MFD (multi-function steering knob) operating unit
- MFD1, MFD TOUCH with plug-in spindle
- 2 steering wheel clamps
- Standard steering wheel turning knob with plug-in spindle (optionally also with tetra fork, two-prong and three-prong) for quick re-positioning

The Petri+Lehr plug-in spindles can mount all Petri+Lehr steering aids.

PETRI+LEHR DRIVING SCHOOL*

Dual pedal controls and accessories. We know about pedals. This is why we have also been supporting driving schools for many years and converting their vehicles with simple driving school dual controls. Relocated on the left or covered, we can assure you that everything functions as it must afterwards.

DRIVING SCHOOL MODIFICATIONS

- Driving school dual pedal controls
- Accessories for driving schools, e.g. additional mirrors

HELP AND CASE EXAMPLES

Whether you are a classic or specialized driving school, we are delighted to advise you when the automotive mobility of persons with physical handicaps is involved. We know what is required. We know what can be installed most easily when and where.
